## TO PRESBYTERIES QUESTION IS LEFT

Attempt to Defer Closer Relation is Defeated.

General Assembly of Southern Presbyterian Church Will Meet in Birmingham.

### POLYGAMY CASE HAS HEARING.

Greenville, S. C., May 26.—The general assembly of the Southern Presbyterian church today disposed of the committee reports on closer relations, decided upon Birmingham, Ala., for the meeting place of the assembly next year and made final declaration on the Caldwell heresy case.

The Southern Presbyterian general assembly yesterday afternoon directed the sending to the general assembly of the Presbyterian church in Des Moines, the following telegram:

"Greetings: We regret your impression that we have charged your home mission board or its officers with making or authorizing financial inducements to churches to change ecclesiastical relations. We did not mean to make such charges. We had hoped impartial investigation might be made of statements that it had been done by workers in the field, and if found true a remedy suggested."

A majority and a minority report from the committee on closer relations and the articles of agreement were read. An effort to postpone discussion of the entire subject until the next general assembly was voted down. The majority report favoring the articles of agreement was presented by Dr. A. L. McElwain, chairman of the special committee; the minority report was given by Dr. Eugene Daniel.

When the order was called today a few minor reports were received and disposed of before the matter of closer relations was taken up. Dr. T. A. Wharton offered a resolution that the matter be referred to the different presbyteries for consideration. The resolution was adopted by a vote of 89 to 84, disposing of the subject until May, 1907.

The complaint of Dr. S. S. Laws against the synod of Virginia is to be considered before the final adjournment of the assembly. The complaint is known as the "polygamy case." Dr. Laws believes that a man converted in this country and having more than one wife should annul all but the first marriage when he enters the church.

**RECOVER PROPERTY.**  
Stove and Gun Lost By Crockett Wright Brought Up.

Crockett Wright, the Illinois Central blacksmith, has recovered a stove and fine shot gun which he lost in the Ohio river three months ago, and neither the stove or gun is injured by its long soak in the water. Wright with Robt. Johnson and Roy Nelson started hunting and fishing three months ago and used two boats in going down the river. Wright was alone in one boat with his gun and camp stove. The waves capsized his boat and he did well in escaping with his life.

Yesterday afternoon the three hunters went to the foot of the tow-head below the Illinois Central incline, where the accident happened, and taking off their clothes began diving for the gun and stove. After an hour's work they recovered both, and an examination showed the gun not to be damaged. The gun is worth \$50.

The men had been unable to get at the gun before because of the high water. Five feet of water was worked in yesterday.

Miss Mabel Turner, of Evansville, will arrive in the city this afternoon to visit her sister, Mrs. George H. Powell, of 423 North Fifth street.

Mr. George H. Powell and family will leave in three weeks for Michigan to spend several months.

Mr. John C. Gates, attorney for the Illinois Central at Princeton is in the city for a few days on business.
